

6th INPLP Annual Conference

Vienna, Austria
19 - 21 November 2021

Dear INPLP Partners,

Another year that was certainly a challenging one for us all but nevertheless a very successful one for INPLP has gone by. The network has continued to grow, we have new members from new countries, and dozens of fascinating articles were published.

In November, we traditionally meet to celebrate our successes, exchange opinions and experiences, and plan the coming year. The 6th INPLP Congress will take place in Vienna again this year, and we have prepared an exciting programme for all participating members and their partners. There will also be the possibility to participate online in the two congress sessions held on Saturday.

We look forward to seeing all INPLP members coming to Vienna for the congress, as well as to the joint compilation of a detailed agenda for the event in the coming weeks.

Kind regards,
Dr. Tobias Höllwarth
President, INPLP
